PROFILE

Second-year Computer Science student at Ain Shams University with a strong foundation in C++, Linux environments, and problem solving. Passionate about Cybersecurity, particularly in penetration testing, network analysis, and basic cryptography. Proven hands-on experience through competitive CTFs (securing 2nd place at 180Daraga CTF) and practical security labs. Eager to leverage technical and analytical skills in a cybersecurity internship or practical training opportunity.

SKILLS & TOOLS

- Git
- Github
- Linux
- WSL
- VS Code
- Visual Studio
- Cryptography fundamentals
- Burp Suite
- Wireshark
- Nmap
- C++
- Problem Solving
- CTF Problem Solving

ACHIEVEMENTS

- 2nd Place at 180Daraga Cybersecurity CTF
- Certificate Introduction to Cybersecurity at 180Daraga

PROJECTS

- 2D Platformer Game - C++ / SFML
- Developed a 2D pixel-style platformer game using SFML.
 - Implemented movement, collisions, tiles, and animations.
 - Designed custom game assets and level layouts.

LANGUAGES

- Arabic(Native)
- English (Fluent)

EDUCATION

Bachelor of Computer Science 2025 -Present
Ain Shams University
